

**CHI WING LO 盧志榮 B. 1954**

Chi Wing Lo was recipient of the DFA World's Outstanding Chinese Designer Award in 2015. His works encompass the fields of architecture, sculpture, interior, furniture and object design, and his prolific output has long been recognized, both in and beyond the eminent circle of contemporary Italian design, for its evocativeness in thought, gracefulness in form and meticulousness in every detail.

Founder of DIMENSIONE CHI WING LO, a brand of furniture designed and made in Italy under his close direction, Lo has been actively pursuing design in Italy for almost three decades. He was among the Italian delegates to transmit the spirit of Italian design in Russia. His aspiration for timelessness has brought his designs to international attention and many of his earlier works continue to be much sought after today. Lo has been entrusted to recreate The Regent Hotel (rebranded from the previous InterContinental Hotel), which is anticipated to open in 2022.

Raised in Hong Kong, Lo received his master's degree in architecture from Harvard University with the best thesis prize in 1988. He has taught at the Syracuse University, NY, and was a member of the Akademie Schloss Solitude in Stuttgart. Serving as a visiting critic at different universities and a frequent speaker at design events, Lo has a multidisciplinary practice, integrating art, architecture, interior, furniture and object design for exclusive projects in Milan, Athens, London, Istanbul, Dubai, Taipei, Shanghai, Beijing, Shenzhen and Hong Kong.

Lo left Hong Kong more than forty years ago, and now he returns home to share with us his perception of aesthetics, life and civilization as reflected in this collection of fascinating sculptures. These enchanting works are inspired by his spiritual models whom he calls "angels", who have guided and accompanied him since his childhood in a small fishing village in east Hong Kong.
